

Azzurro

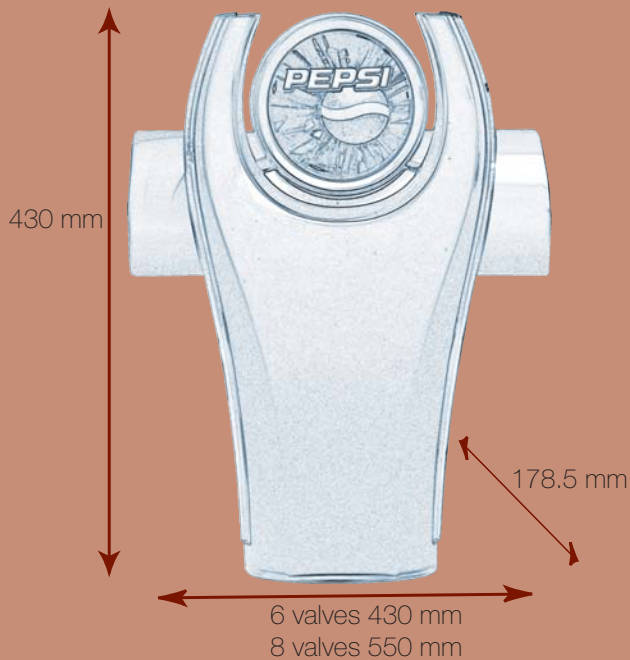

Cladding

The Azzurro from IMI Cornelius is the latest addition to the range of Pepsi towers. The new shape can be used for both postmix and premix systems. The persuasive Italian design convinces through its unusual structure. A special brand appearance is ensured with this new tower. The modern and unmistakable cladding offers the special effect of incorporated LED lights. The new tower is compatible with existing skeletal technology and is retrofitted easily.

Key features include:

- Innovative design
- High-quality case made of aluminium
- Sophisticated LED lights enhance the design of the cladding
- Compatible with the existing skeletal towers and range of soft drink valves

Technical data:

Main supply for postmix, Dispense valves and illumination: 24 volts / 50 Hz

Material: Aluminium

Surface: Powder coated

Included: Illumination

Variations and order numbers Azzurro Cladding

Azzurro Cladding 6 valves Pepsi-Cola **22 1000 199**

Azzurro Cladding 8 valves Pepsi-Cola **22 1000 235**

Not Included:

Skeletal technology incl. 1,5 m python.
Postmix skeletal incl. integrated soda water manifold

Skeletal options 6 valves: Premix or postmix

- 1. Skeletal 6 premix valves: **22 0093 349**
 - 2. Skeletal 6 UF1 valves and portion control: **22 0093 352**
 - 3. Skeletal 6 UF1 valves with sanitary lever: **22 0093 353**
- Further options are available on request

Skeletal options 8 valves: Postmix

- 1. Skeletal 8 UF1 valves and portion control: **22 1000 042**
- 2. Skeletal 8 UF1 valves with sanitary lever: **22 1000 042S004**
