

Vitalize523

Vitalize523 from IMI Cornelius (formerly known as the Quantum 3000) is a three-flavour post-mix dispenser with eye-catching contemporary styling. The simple to use operation and modular design allows easy access for loading concentrate and cleaning. High performance peristaltic pumps and a unique mixing valve ensure the elimination of stratification.

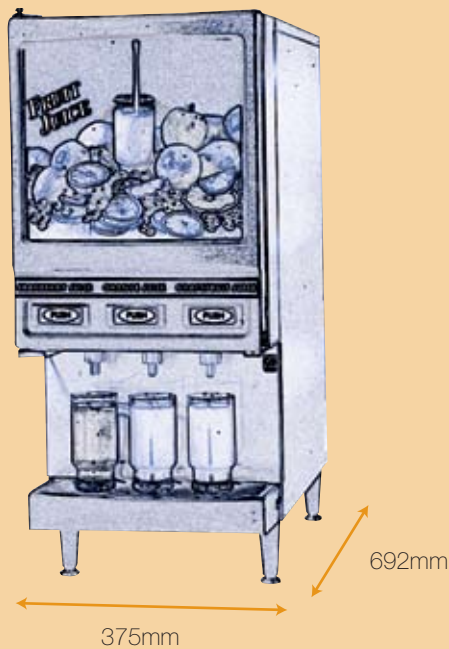

The Vitalize523 has an easy to adjust brining system, which controls and maintains a consistently dispensed beverage and is available with a programmable portion control setting.
